

Name of Field Trip:	<b>Geology of Pulpit Rock</b>
Date of Trip:	Wednesday, May 13, 2009
Meeting Place:	Meet at Pulpit Rock Trail parking lot. Pulpit Rock Park is located just east of the merging of North Nevada Avenue with I-25. Turn east onto the marked frontage road, and follow the road as it turns north (parallel to N. Nevada Avenue) and dead-ends at a new Pulpit Rock Trailhead.
Time to Meet:	This is an evening trip. Meet at 5:30 PM.
Field Trip Leader:	Mike Nelson
Field Trip Leader's Address:	
Telephone Number:	(719) 522-1608
Cell Phone Number:	
E-Mail Address:	<a href="mailto:CSROCKGUY@YAHOO.COM">CSROCKGUY@YAHOO.COM</a>
Location of Field Trip:	Colorado Springs area.
Limitation on Number of Participants or Other Issues:	None.
Brief Description of Field Trip:	This will be a hike to examine the Dawson Formation so well exposed at Pulpit Rock Park. Get an outstanding view of Pikes Peak and the rampart range and begin to understand the area geology including the K-T boundary (the end of the dinosaurs).
Are there any Special Costs such as Admission Charge or Charge for Transportation on a Bus:	None.
Collectible Materials, if any: <b>NOTE: SPECIFY IF COLLECTING CANNOT BE DONE</b>	<b>This is a non-collecting field trip.</b>
Est. Time of Return to Original Meeting Place:	8:00 PM
Vehicle Requirements, if any:	None, any vehicle will do.
Physical Limitation Concerns, Including Accessibility to Handicapped Individuals:	Easy, but uphill hike on the trails.
Equipment or Tools Recommended or Required:	None. This is a non-collecting field trip.
Availability of Water and Sanitary Facilities:	Bring water. Sanitary facilities not available.
Additional Comments:	Pebble Pups invited with adult supervision. Wear appropriate clothing for climbing on rocks including hiking boots. As always sunscreen is recommended. <b>This trip will be postponed if we have bad weather. Contact Mike Nelson by e-mail to reserve a spot for this field trip.</b>
