

Call for help with the Pebble Pup and Junior Member Programs

In addition to a very strong Pebble Pup program, a new Junior Member group (mostly middle school students) has formed under the support of the CSMS. Steven Veatch, the chair of these two programs, is seeking help. The Junior Members meet the third Thursdays of each month except January and August.

Time: 5:15 p.m. to 6:10 p.m.

Lab: 6:10 pm to 6:25 pm

Place: Senior Center

1514 North Hancock , Colorado Springs

The Pebble Pups Pebble Pups meet the third Thursdays of each month except January and August.

Time: 6:30 p.m. to 7:15 p.m.

Lab: 6:10 pm to 6:25 pm

Place: Senior Center

1514 North Hancock , Colorado Springs

Two types of assistants are being sought:

1. **Administrative assistants** will take roll, pass out materials, collect assignments, set up slide shows, track merit badges, and perform other administrative duties.
2. **Teaching assistants** will help Steven Veatch by answering questions from the pups and junior members, bringing in materials that relate to the topic, assist with rock and mineral collections, science fair projects, and other teaching duties. Teaching assistants will also help in developing curriculum for the 2009-2010 sessions.

No experience is necessary. Training is provided. Please send an email to Steven Veatch that includes what type of assistant that you would like to be, what group you want to work with (Pebble Pups or Junior Members, or both!) and a brief bio. This is not an easy undertaking, but very satisfying.

Thanks for your consideration.
